

Employee Health

We care for you as you care for others

We screen all new hires to keep Intermountain compliant with the regulatory requirements of the CDC and State Health Departments, and to safeguard the well-being of our patients, staff, and visitors.

- 1 New Hires will receive an email from Employee Health with login information to access the Caregiver portal. It will come from IHEmployeeHealth@imail.org
- 2 Through this portal you can set up an appointment with Employee Health and complete other required documents.
- 3 If you have not met with Employee Health and would like to do so – you can set up an appointment in the [Caregiver Portal](#).

We will guide you through all of your new hire health requirements. If you have questions or concerns, contact us at 801-442-6767

Requirement	Due date following hire	Additional information
"New Hire Paperwork" (Health History Survey)	Within 7 days	• Only needed once upon hire • This information is only available to Employee Health Coordinators
